

WILL SUPPORT
INDIANA MANFormer President Roosevelt to
Speak for Beveridge.

FORMAL ANNOUNCEMENT MADE

Former Chief Executive Says That He
Will Go to Indiana and Make One
Speech in Behalf of the Man Who
Is Known as One of the Most Promi-
nent and Consistent of the Progres-
sive Republicans.

Oyster Bay, N. Y., July 8.—Albert
J. Beveridge, United States senator
from Indiana and one of the most
prominent and consistent of the "pro-
gressive" Republicans, came down
from Sagamore Hill with a promise
from Theodore Roosevelt to deliver a
campaign speech in his fight for re-
election to the senate. Mr. Beveridge
departed content and smiling, but he
left it for the colonel to make an-
nouncement of the proposed campaign
speech in the senator's behalf. And
this is what Mr. Roosevelt said:

"Mr. Foulke and Mr. Swift came to
Sagamore Hill and spent the night
here. They came to request me to
go to Indiana and speak in behalf of
Senator Beveridge. I promised them
that I would."

He added that he had agreed to
make only one speech for the senator
and as far as is now known he will
make only one. The time and place
for this speech have not been fixed.

Those who have followed the polit-
ical conferences at Oyster Bay since
Theodore Roosevelt's return share the
belief that he has cautiously been feel-
ing his way in his attitude toward the
administration and the progressives,
but the latest incidents are considered
the most important yet developed.

Senator Beveridge is making his fight
for re-election as a progressive. He is
opposed by John W. Kern, who ran
with Bryan in the last campaign.

In his fight the senator is placing
himself squarely against President
Taft insofar as the tariff law figures.
The law which the president has de-
fended as the best tariff measure ever
is denounced without equivocation by
the senator and the same Republican
state convention which endorsed Bever-
idge for another term virtually re-
pudiated the law. In the senate Bever-
idge fought the bill to the last and
then voted against it.

No Break Between Them.

It is pointed out, however, that with
this exception President Taft and the
senator from Indiana have been pull-
ing together as far as administration
policies are concerned. There has
been no break between them. The
president entrusted to the senator the
conduct of two administration mea-
sures at the last session of congress—
the statehood bill and the Alaska
government bill. And although the sen-
ator worked faithfully with the progres-
sive band in the senate, and had a
hand in the alteration of President
Taft's railroad bill, he supported the
administration regularly in the last
session when the votes were taken.

Sagamore Hill was fairly swarming
all day with men of various political
persuasion. They came by train and
by automobile. They talked politics
all day long, but as they left town
they were unanimously reticent when
asked to tell what they knew. Conse-
quently, Oyster Bay is enveloped in
an atmosphere of deep mystery.

There were three Indians among the
visitors. Besides Senator Bever-
idge they were William Dudley
Foulke and Lucian Swift of Indian-
apolis.

Three came from New Hampshire—
Winston Churchill, the novelist; John
Bass, war correspondent, and his
brother, Robert R. Bass, who is a can-
didate for the Republican nomina-
tion for governor.

New York state was represented by
Representative Hamilton Fish and
James R. Sheffield.

Colonel Roosevelt appears to be
well pleased with the result of the
day's work of talking politics, which
began almost as soon as he was up
and lasted well through the afternoon.

Bankers Are Arrested.

Lakota, N. D., July 8.—F. A. Rah-
ders, president, and S. A. Floan, cash-
ier, of the defunct People's State
bank, were arrested on the complaint
of C. A. Kellogg, charging them with
receiving money when the bank was
insolvent. Both waived examination
to appear before the district court, and
were allowed to go on their own recog-
nizance.

Peanuts In the Zoo.

"I am perfectly used," remarked a
visitor to the zoo, "to seeing monkeys
and elephants eat peanuts. And I do
not think it strange that the toucans
relish them, for they are very like a
parrot. But when it comes down to
polar bears, buffaloes, wild dogs and
rhinoceroses liking peanuts it disturbs
my ideas of wild animals." Pea-
nuts, however, seem to furnish the
finest of dainties to even the "wildest"
animals in the zoo. The deer, antelope,
pheasants and all the animals there, ex-
cept perhaps the lions, tigers and
elephants, eat peanuts. The peanut seems
to have charms to soothe the savage
beast.—New York Tribune.

ARMOR OF SHIPS DEFECTIVE

That in the North Dakota and Utah
Not Good.

Washington, July 8.—Defects dis-
covered in armor plate in the battle-
ships North Dakota and Utah, two of
the most powerful craft in the navy,
led to a protracted conference at the
navy department over the legal phases
involved. There were present repre-
sentatives of the New York Shipbuild-
ing company, the Midvale Steel com-
pany and government experts. Spalls,
a flaking condition that impaired the
armor's resisting efficiency, were
found on the plates and new plates
were substituted. It was said that
possibly the annealing work in affix-
ing the plates may have caused the
defects.

The question involved the cost of
the removal of the North Dakota's
armor, the responsibility for the re-
placement and the cost to the Utah's
plate. About fifty tons of armor, val-
ued at approximately \$20,000, is af-
fected.

SIRUP MAKES GOOD ROADS.

Montana Tennis Players Find Eco-
nomical Hardener.

A scheme for improving the roads of
Montana by sprinkling them with a
sirup which is a refuse in the manu-
facture of granulated sugar from sugar
beets will be submitted to the good
roads convention and is being widely
discussed in Billings.

The idea of using refuse sirup on
roads grew out of an experiment made
by a tennis club. When the court was
laid out the dust caused considerable
annoyance; also the fact that with
every rain the soil was picked up by
the shoes of the tennis players.

In looking about for a cheap binder
one member suggested refuse sirup.
It answered the purpose admirably.
When mixed with salt and poured
over the ground to a depth of several
inches the ground was rendered imper-
vious to water and the dust was en-
tirely eliminated. It worked virtually
as well without salt.

It is believed that if the country
roads are properly graded, rolled and
copiously sprinkled with this refuse
sirup they could be kept in fair condi-
tion with two such treatments a year
at a cost trifling when compared with
oil.

Murder Trial Postponed.

Bottineau, N. D., July 8.—On motion
of the attorneys the Buchy trial has
been postponed until Monday and only
civil cases will be heard this week.
The case of the state against Ben Alf
of Westhope for attacking his wife
with an axe will also come up.

ROULETTE TO PAY OFF DEBT.

Sir Hiram Maxim Wants Britain to
Become Monte Carlo.

Sir Hiram Maxim has been preach-
ing the fallacy of trying to win money
betting on the races. Maxim has fig-
ured out mathematically there is no
system to beat the races. Admitting
that some people must gamble, Maxim
suggests the establishment of national
roulette wheels, a percentage of the
winnings to go to the treasury.

"As people will gamble, I would have
national roulette substituted for bet-
ting on the races," he says. "Betting
on the races should be penalized so
that ultimately racing would cease ex-
cept between genuine horsemen."

"Organizing roulette with minimum
odds against the players would mean
that about \$10 out of every \$500 pass-
ing over the tables would go to the
state. The latter thus could pay off
the national debt in a few years."

"Nine Tailors Make a Man."

The often employed phrase, "nine
tailors make a man," is said to have
originated in the following incident:
In 1742 an orphan boy applied at a
fashionable tailor's shop in London in
which nine journeymen were employ-
ed. His interesting appearance opened
the hearts of the benevolent tailors,
who immediately contributed 9 shil-
lings for the relief of the little stran-
ger. With this capital he purchased
fruit, which he retailed at a profit.
Time passed on, and wealth and honor
smiled upon the young tradesman, so
that when he set up his carriage in-
stead of troubling the college of her-
alds for a crest he painted the follow-
ing motto on his carriage door: "Nine
tailors made me a man."

More Acceptable.

The judge frowned down on the hu-
morous tramp.

"At first I was disposed to give you
a year and a quarter," said the former
in stern tones, "but now I think I'll
drop the quarter and give you a year."

The humorous tramp looked up
quickly.

"Your honor, why don't you make
yourself a good fellow and drop de
year and give me de quarter?"—New
York World.

Back to Nature.

"Agnes sat playing bridge all the
afternoon with her back to a glorious
mountain view."

"Yes; she is president of our Back to
Nature club."—Life.

How They Are Kept.

Miss De Style—He said I was a lit-
tle flower; that he intended to keep
me. Miss Gumbusta—I noticed him
pressing you.—Smart Set.

God has lent us the earth for our
life. It is a great entail.—Ruskin.

MAYOR SEIDEL.

Orders Raid on Disorderly
Resorts in Milwaukee.

CARRIES OUT HIS PLEDGE

Mayor Seidel of Milwaukee Orders
Raids on Resorts.

Milwaukee, May 8.—Mayor Seidel
carried out the Socialist platform
pledge to stop the sale of liquor in
disorderly resorts. A wholesale raid
was started early in the evening and
continued until the resort keepers
learned what was being done, when
the district suddenly stopped selling
liquor.

In the Socialist platform the prom-
ise was made to stop the combining
of the evils of licentiousness and
drink and last week Mayor Seidel,
carrying out this pledge, asked the
internal revenue collector to give the
city a list of the places which have
government licenses. Mayor Seidel
sent to Chief of Police John T. Jan-
sen a letter requesting him to stop
the sale of liquor in the resorts.

The raid was the result. The police
sent out detectives to buy liquor and
then sent out others to make the ar-
rests. The action on these resorts
was deferred until the city council
license committee had completed the
work of looking over the applicants
for license and then, the resorts not
being in the list, the mayor began to
carry out his platform pledge.

About a dozen resorts were visited
before word of the raid spread to the
rest of the district and the sale of
liquor then stopped.

NEWELL PAYS VISIT
TO ROOSEVELTTells Former President About
Ballinger Trouble.

Washington, July 8.—F. H. Newell,
director of the reclamation service,
who is at odds with his immediate su-
perior officer, R. A. Ballinger, secre-
tary of the interior, had a conference
in New York with Theodore Roose-
velt. This fact became known upon
the return to Washington of Director
Newell. He refused to make known
just what transpired at the interview.
It is learned, however, that Director
Newell told Mr. Roosevelt his side of
his troubles with Secretary Ballinger.

"It is true that I called on Mr.
Roosevelt," said Director Newell. "I
found him in excellent spirits and in
fine health."

Further than this Director Newell
would make no comment.

Officials here declare that Mr.
Roosevelt is seeking all possible light
on the Ballinger-Pinchot controversy.
The administration side of the story
was told to him in London by Secre-
tary Root, who is a member of the
joint committee of congress that is in-
quiring into the affair. Since his re-
turn Mr. Roosevelt has discussed the
case with Gifford Pinchot, and with
James R. Garfield, former secretary of
the interior; Representative Pinde-
ler of Washington, Senator Beveridge
of Indiana, and now Mr. Newell, all of
whom are strong personal friends and
advocates of the Pinchot school of
conservation.

Administration officials here would
deplore an open breach between the
president and the former president.
They fear that it is inevitable if Sec-
retary Ballinger carries out his pres-
ent intention of displacing Director
Newell, who is recognized as a Roose-
velt man.

Director Newell stopped at the Balti-
more to confer with B. N. Baker, pres-
ident of the conservation congress
which will meet in St. Paul Sept. 6 to
9. Mr. Newell will attend the congress
and deliver a speech before it. The
programme for the St. Paul congress,
according to Mr. Newell, will be sub-
mitted to President Taft and former
President Roosevelt.

BRYAN MAKES
PROMISE GOODReads Nine Nebraskans Out of
Democratic Party.

FALSE TO THEIR PLEDGES

Former Candidate for the Presidency
on the Democratic Ticket Says That
Men Who Repudiated Their Plat-
form Are Embarrassed of Power—De-
clares State Convention Will En-
dorse Initiative and Referendum.

Lincoln, Neb., July 8.—Making good
his promise to serve as a free lance
in the campaign in Nebraska, W. J.
Bryan, in a declaration, draws the
line between the faithful and unfaith-
ful in the Democratic ranks of the
state, and as good as reads out of the
party nine Democratic senators who
have antagonized him in his efforts
to secure the adoption of the initiative
and referendum as an opening for the
adoption of county option. Colonel
Bryan says these senators have been
false to their party pledges and are
not entitled to re-election which they
seek. A man who repudiates a plat-
form, as these have done, says Bryan,
after he has been elected upon it, is
an embarrassment of power.

The nine senators whom he names
are: Ransom, Howell, Tanner, Buck,
Klein, Buhrman, Bartos, Volpp and
Besse.

He adds: "The Democratic voters
in the districts represented or misrep-
resented, as the case may be, by the
above named senators are to decide
whether these gentlemen gave expres-
sion to the sentiment of their con-
stituents. Since the adjournment of
the legislature a Democratic state con-
vention has unanimously endorsed the
initiative and referendum, and there
is no doubt that the coming state con-
vention will do likewise. Yet, in spite
of this positive endorsement of this
Democratic reform by the state con-
vention these senators declared they
would vote against the resolution
again if a special session were called."

FIFTEEN HUNDRED ARE OUT

Carmen in Shops of Canadian North-
ern on Strike.

Winnipeg, July 8.—Fifteen hundred
carmen in the shops of the Canadian
Northern, between Port Arthur and
Edmonton, went out on a strike, be-
ginning with men in the local shops
who went out 500 strong at noon.

The shops are guarded by a special
body of police. The steamfitters also
are out, and this leaves the machinists
handicapped. The steamfitters are
backed up by the International Fed-
eration of Labor, and the carmen by
the International Federation of Trades
and Labor.

It is impossible for the company to
fill the places of fitters, as the machin-
ists will not work with nonunion la-
bor.

Three thousand will be involved this
week, the men state, including car-
penters, truckmen, rip men and labor-
ers.

The men not only want an increase
in wages, but half-hour time in which
to cash pay checks, one hour time off
for Saturdays, time and a half for la-
bor performed on holidays and Sun-
days, which they enjoyed during the
ownership of the road by the North-
ern Pacific.

TWO ARE FATALLY WOUNDED

Minnesota Man and Wisconsin Woman
Figure in Mysterious Shooting.

La Crosse, Wis., July 8.—Roland
Dickson of Dresbach, Minn., and Mrs.
Bertha McGovern of this city are be-
lieved to be fatally injured as the re-
sult of the attempt of Dickson to pre-
vent the suicide of the woman after a
quarrel.

Dickson says Mrs. McGovern sent
word by the police that she was seri-
ously ill and that when he reached her
home she locked the door, and back-
ing into a corner, drew a revolver and
fired.

The woman says she shot herself
twice and that Dickson was shot in
the groin while trying to take the gun
from her.

Neither will throw any light upon
the motive. One bullet entered Mrs.
McGovern's body and a second was
prevented from piercing her heart by
a corset stay, which deflected the
bullet.

Woman Dies of Burns.

Minneapolis, July 8.—Mrs. Hannah
Anderson died at the Norwegian Lu-
theran Deaconess hospital from burns
received in a gasoline fire. Mrs. An-
derson was cleaning garments with
gasoline and upon lighting a match
caused an explosion which enveloped
her in flames. Her clothing caught
fire and her face and body were badly
burned.

Tibet Is Said to Have been a kingdom
so long ago as 313 B. C. and was for-
merly held by China from 1255 to 1720.

Devoted to the cause of conservation
his policy of conservation
President Roosevelt has ordered with-
drawing 25,000 acres of coal lands
from the public domain in the states
of North Dakota, South Dakota, Wash-
ington, Utah, Colorado and the terri-
tory of Arizona.

THOMAS R. SHIPP.

Says Politics Will Not Be
Discussed at St. Paul Meeting.T. J. SHIPP AVERTS
THREATENED TROUBLEWill Be No Politics at Conser-
vation Congress.

St. Paul, July 8.—What threatened
to become something of a tempest in
the preliminary draft of the pro-
gramme for the conservation congress
to be held in St. Paul the first week
in September was smoothed over
after Thomas R. Shipp, secretary of
the congress, and some of the mem-
bers of the local committee had a
heart to heart talk over the tentative
draft of the programme and had
weighed some of the local objections
to certain persons who have been
suggested for speeches at the meeting.

The incident trouble was due to a
fear by local members of the com-
mittee in charge of the congress that
the congress might become involved
in a political discussion because of
the fact that some of the speakers
assigned to different topics on the pro-
gramme had been prominent in the
progressive movement on other na-
tional issues. Objection was raised
to Colonel William R. Nelson of Kan-
sas City, publisher of the Star, who
had been assigned in the preliminary
draft of the programme, to speak of
the relations of the newspaper to the
conservation policy; to Representative
Madison of Kansas, who was the pro-
nounced opponent of Ballinger on the
committee to investigate the Ballin-
ger-Pinchot controversy, and to Sen-
ator Dolliver of Iowa, who was sched-
uled to speak on "Cattle, Leather and
Shoes."

Members of the local committee
questioned the advisability of having
these speakers on the programme.

Mr. Shipp explained that the pro-
gramme had been prepared by Presi-
dent Baker of Cleveland, Captain
White of Kansas City and Mr. Gifford
Pinchot and that in the preparation of
the programme specific stress had
been laid upon the point that there
should be no political discussion in-
jected.

The frank explanation of Mr. Shipp
did much to clear the atmosphere and
it finally was agreed that the tenta-
tive programme would stand, pending
a conference to be held in Chicago
next Thursday, when Governor Eber-
hart, Eli S. Warner of St. Paul and H.
A. Tuttle of Minneapolis will meet
Mr. Baker and Mr. Pinchot to discuss
the final and official programme.

GRAIN CONTEST IS PLANNED

North Dakota Commissioner of Agri-
culture Announces Event.

Bismarck, N. D., July 8.—North Da-
kota will have another county grain
and grass exhibit contest, announce-
ment to that effect having just been
made by the commissioner of agricul-
ture, W. C. Gilbreath.

The purpose of the contest is to
secure exhibits to be used by the
state for advertising purposes and in
previous years it has always brought
about the desired result.

This year the commissioner has cre-
ated a fund of \$475 to be used in the
contest and it is divided into twelve
prizes ranging from \$125 for first
down to \$5 for the lowest prize. All
entries of grain and grass exhibits
must be made before Aug. 18.

DICTIONARY AMUSES CAPITAL

Turkish Ambassador's Secretary Trou-
bled by American Slang.

"The man with the book" Washing-
ton has dubbed the secretary to Hus-
sein Kiazim Bey, the newly arrived
Turkish ambassador. The book is a
large Turkish-English dictionary, with
a pronouncing glossary, and is like
Mary's lamb—everywhere the secre-
tary goes the book is sure to go.

Some one referred to one of Wash-
ington's most popular lacholers as a
"lady killer." The secretary took out
his dictionary and soon got into close
communication with "lady" and "kill-
er."

"Is it possible," he asked gravely in
excellent Ollendorfian English, "that
that most excellent gentleman with the
so kind looks and the so benevolent
words is already yet a murderer?"

FOREST FIRES
MENACE TOWNS

FARMER HELD FOR MURDER

Accused of Having Poisoned Another
Farmer.

Milbank, S. D., July 8.—John Van
Asch, a farmer, was bound over to
the fall term of the district court to
await the action of the grand jury on
a charge of murdering James Reem, a
Melrose county farmer, who, it is al-
leged, Van Asch poisoned.

The circumstances surrounding the
affair are mysterious. Reem was
found in a dying condition, and ac-
cused Van Asch of poisoning him.
With Reem on the farm lived his
daughter, a feeble minded girl of fif-
teen years, who refused to drink of
the liquor, which Van Asch is said to
have offered her, and of which the
father drank.

Van Asch was found to have pur-
chased strychnine at a local drugstore
the day Reem died, and also a bottle
of whisky at a saloon. He was ar-
rested as a suspect.

If murder it was, there is little
doubt but that the perpetrator had
planned and expected to poison the
daughter so there would be no one left
to tell the story.

Since his confinement in jail Van
Asch has been absolutely alone, no
one, not even members of his own
family, calling to see him. He has
made no statement except to protest
his innocence when arrested.

The remains of the dead man were
buried in the local cemetery.

May Cause Dissension.

Boston, July 8.—That the election of
Dr. Ella Flagg Young of Chicago to
the head of the National Educational
association may cause dissension in
the ranks of the organization is the
fear expressed by representative edu-
cators. There is a disposition among
the "old guard" to let the women run
the association now that they have be-
gun their action which is termed
"guerrilla tactics" disgraceful of the
standards of the organization.

Shoemaker Heir to Fortune.

Elk Point, S. D., July 8.—Pat Quirk,
for ten years a shoemaker in Elk
Point until he went to Meade county
last spring to take up a homestead,
has fallen heir to a fortune. A sister,
whom he has not seen for twenty-six
years, recently died in Brooklyn, N.
Y. She never married and for nearly
fifty years was a faithful and valued
maid servant in a wealthy family that
made her heir to about \$100,000 on
the death of the principal member.
She recently died and left better than
this amount to her sister and brother.

ened With Destruction.

OUT FIGHTING THE FLAMES

Every Available Man at Emo, Ont.,
Battling With the Fire, but With
Small Success—Shift of Wind May
Mean That the Town Will Be Wiped
Out—Bad Fires in Wisconsin.

Emo, Ont., July 8.—Fire entirely
surrounds this town and the situation
looks very bad, as there is a high wind
blowing. If the wind changes to west
or north with daybreak it is expected
that the town will go.

Every available man is out fighting
the flames, but they are meeting with
small success. The people are mov-
ing their goods to places of safety,
anticipating that the entire town will
go up in smoke with the inevitable
change of wind.

The Canadian Northern ordered a
train to the relief of the town, but it
has not arrived. The situation is ex-
tremely critical.

Medford, Wis., July 8.—Forest fires
are raging through this vicinity and
doing thousands of dollars' worth of
damage. The village of Rib Lake is
surrounded with fire, which is burn-
ing rapidly into the village. An ap-
peal for aid was responded to from
here. The village of Ogemaw is also in
immediate danger, the Volmer and
Belov company losing their mill and
timber at that place. The village of
Chelsea is also threatened and all
available rigs are out fighting the
fire. The damage to timber the past
few days will reach thousands of dol-
lars.

Prentice, Wis., July 8.—The fiercest
forest fire since 1894 is now raging
one and a half miles south of this
city. Three families, those of Victor
Blomberg, Charles Johnson and San-
ford Johnson, have already lost every-
thing and many other farmers are in
the direct path of the fire. The saw
mill of Larson Bros., four miles south,
is in immediate danger and unless

THE BRAINERD DAILY DISPATCH

By Ingersoll & Wieland.

SUBSCRIPTION RATES

One Month.....Four Cents
One Year strictly in advance, Four Dollars

Office in Dispatch Building on 6th St.
opposite the Post Office

Entered at the post office at Brainerd,
Minn., as second class matter

FRIDAY, JULY 8, 1910.

"Please remit" is not permissible
on the outside of an envelope by the
postal department, and the St. Paul
Dispatch remarks that it is also an-
noying.

Fargo will be honored by the pres-
ence of Theodore Roosevelt on Labor
Day, as through the efforts of Con-
gressman Hanna he has been secured
to deliver the address on that occa-
sion.

The democrats are discussing the
feasibility of endorsing the republi-
can nominee for lieutenant governor
at their coming convention. If they
wish to win the proper thing to do
would be to endorse the entire republi-
can state ticket.

The selection of Senator Smith to
head the republican state central
committee was a wise one. The com-
ing campaign must be conducted on
progressive lines if the party expects
to elect the ticket and Mr. Smith is
one of the men who can direct the
campaign and obtain results.

Hon. C. A. Lindbergh has returned
from his campaign in North Dakota
where he went at the close of con-
gress and is now busy looking after
interests in the district. Mr. Lind-
bergh will at once take up the cam-
paign for a re-nomination and ex-
pects to visit every county, city and
village in the district. He expresses
confidence in his nomination, which
of course means a re-election as there
will be little or no opposition to the
republican candidate in the Sixth
district from the democratic party.

The candidate pitted against J.
Adam Bede for the legislature has a
platform with twenty-three planks
in it and he says if elected he will
forfeit his salary of \$1,000 if he
doesn't live up to every plank as laid
down in his announcement. He is
strong on the initiative, referendum
and the recall; favors income tax,
woman's suffrage, inheritance tax,
county option, old age pension, drain-
age, reforestation, abolition of the
United States senate, and abolition of
the power of the supreme court.

A movement has been started in
the east which bids fair to become
wide in scope to stop the exhibition
of the Jeffries-Johnson fight pictures.
Many cities throughout the country
have already taken steps to prevent
the display and the attorney general
of Iowa under a state law will stop
any reproduction there. Minneapolis
is one of the cities where the law
will be invoked and the governor of
Minnesota is looking for a provision
that will permit of keeping them out

of the state entirely. The days of
big prize fights are a thing of the
past.

Cass county expects to land one of
the two members of the lower branch
of the legislature from the 52d dis-
trict, and there will be no question of
the outcome if the people of that
county unite on their home man and
stick to him. Cass county needs a
man in the legislature, it is one of the
newer counties and the interests
along the line of development and leg-
islation need constant attention. It
is just developing into one of the most
prosperous and promising counties in
the northern part of the state and
the people will look well to their in-
terests if they send Mr. LaDu to the
house this winter. He has aligned
himself with the element that is push-
ing forward toward reappointment,
state drainage and all the things that
Northern Minnesota is asking for and
which she is bound to have. It is
men of his kind that every county in-
terested in the development of the
latent resources should put forward,
men who are not afraid to go on record
and tell the people where they stand
on these vital questions.

LOCAL NEWS NOTES

Mons Mahlum went to Walker this
afternoon.

Jule Jamieson returned from Klondyke
today.

Mrs. W. B. Swan arrived today
from St. Paul.

Rev. Hugo Thorene returned today
from Pillager.

Wm. G. Gendler returned from
Deerwood today.

See D. M. Clark & Co's. display ad
for Plumbing and Heating. 30tfr

Rev. George E. Platt returned to
Little Falls today.

quality. Order a case. Telephone
164. John Coates Liquor Co. 282tf

Miss Ida Sallander and Mrs. C. A.
Swanson, of Oakland, Neb., arrived
today to visit Frank Fredstrom and
E. Roxberg.

The Loyal Soldiers of the Norwe-
gian Lutheran church will meet with
Mr. and Mrs. S. E. Engebretson, 1215
Oak street, Friday evening, July 8th.

Mrs. John Wilson, who has been
visiting friends at New York Mills
and Mrs. O. Emilson in Brainerd, has
returned to her home in Pine River

Tinker Marr, of Aitkin, passed
through the city today on his way to
Denver, Col., where he will attend
the national convention of the retail
hardware dealers of America.

Mr. and Mrs. Gus Gunderson, Mrs.
Aug. Gunderson, of Spooner, Wis.,
and daughter Miss Inga Gunderson,
of Hibbing, have been visiting their
parents Mr. and Mrs. August Carl-
son at Klondyke.

Miss Alice Cummings went to
Brainerd Saturday to visit relatives
and friends a short time. The little
daughter of Mr. and Mrs. Alva Alden
accompanied her to visit her grand-
parents—Staples World.

Mrs. Jos. T. Tougiant, of Fair-
bault, has been here visiting her twin
sister, Mrs. Levoy. They went to
Brainerd Saturday to visit Mrs. Levoy's
son George, who is working at
that place.—Staples World.

McCaffrey and Wallace are paint-
ing the Sherlund plumbing shop.
Other jobs of outside painting which
this firm has are Trades & Labor hall,
the Soloski & Levant store building
and 307 South Sixth street.

Miss Hannah Hanson, of Minne-
apolis has been visiting her friend
Miss Clara M. Barker, of North Broad-
way for the past week. She leaves
tomorrow for Humboldt, Iowa, where
she has a position as stenographer.

Mrs. Emily B. Costello, of Chicago,
is visiting her friend Mrs. H. G.
Hayes, of 413 North Second street.

Mrs. Costello, who is an artist of rare
merit and a good teacher is about to
form a class for the study of water
color painting.

Dr. G. A. Hagberg, who has been
visiting in the city, went to Duluth
this afternoon and will then leave for
his home in Minneapolis. Dr. Hag-
berg is a graduate of the Brainerd
high school, class of 1905, and is now
a dentist engaged in the practice of
his profession in the Masonic Temple,
Minneapolis.

M. T. Dunn has returned from a re-
cent visit at the Twin Cities where he
was called in his capacity as treas-
urer of the Minnesota State Fair as-
sociation. "Few people," said Mr.
Dunn, "realize the magnitude of our
great state fair and the large amount
of preparatory work which must be
done before the fair opens. The pass
question will be rigidly dealt with.
Every director and officer of the fair
pays cash for his admission to the
grounds."

If you are interested in Yakima
Valley Fruit Land at \$50 per acre,
5 years' time to pay up, write Paul
H. Wellbacher, care Y. M. C. A.,
Brainerd, Minn., and I will call on
you. A representative of your town
is now on an inspection tour there
and will report on its merit upon his
return here, about July 10th. 25t6p

HAS MENAGERIE FOR TOYS.

Frogs, Pup, Turtle, Kittens and Chip-
munks in Flat.

There probably is no boy in Greater
New York who can boast of a stranger
collection of playthings than that owned
by the young son of a physician
living on Park avenue. The boy has
the entire second floor of his father's
dwelling as a playroom. Although he
has plenty of mechanical toys, the boy
prefers to play with his menagerie.
This consists of a colony of frogs, a
rabbit, a bull pup, a turtle, two snow
white kittens and six chipmunks.
Through patient training the boy has
succeeded in getting the bull pup, the
kittens, the rabbit and the turtle to
eat from one bowl at the same time.

DON'T SNEER.

Never bring a human being, how-
ever silly, ignorant and weak—
above all, any little child—to shame
and confusion of face. Never by
petulance, by suspicion, by ridicule,
even by selfish and silly haste—never,
above all, by indulging in the
brutal pleasure of a sneer—crush
what is finest and rouse up what is
coarsest in the heart of any fellow
creature.

The Question Answered.

The late John J. Ingalls, United
States senator from Kansas, once told
with great ease the story of a joke at
his own expense, the humor of which,
however, he enjoyed as keenly as if
he had not been the victim of it.

"I went one evening," said Mr. In-
galls, "to make a political speech in a
small town. I presume the people
thought I would have difficulty in filling
an hour. At any rate, they called upon
the village choir to assist. I trust
that the hymns were selected before my
arrival, but of that I cannot be
sure. I know that before the talk the
choir sang 'What Shall the Harvest
Be?' and after it 'Nothing but
Leaves.'"

Not at All Angry.

Dorothy—I'm afraid papa was angry
when you asked him for me, wasn't he,
Jack, dear? Jack—Not at all. He
asked if I knew any more respectable
young men who would be likely to
marry your five sisters if properly
coaxed.

Hay Fever and Asthma

Bring discomfort and misery to
many people but Foley's Honey and
Tar gives ease and comfort to the
suffering ones. It relieves the con-
gestion in the head and throat and is

SUES TELEPHONE COMPANY

Mrs. Wilhelmine Hoppe Commences Suit for Alleged Injuries Sustained in Runaway

HORSE FRIGHTENED BY SPOOL

She Claims Horse Was Frightened by Unwinding of Spool of Cable

Mrs. Wilhelmine Hoppe, of 222 Second Ave. North-east, has brought through her attorney J. H. Long, a suit against the Northwestern Telephone Exchange company for \$3100.00 damages for an injury alleged to have been received by her on March 7th by being thrown from her buggy at the corner of 7th and Front streets when, the complaint alleges, the horse was frightened by one of those large spools from which the telephone company was then unwinding cable.

The spool was being operated over the man-hole in front of the freight depot. The horse frightening partly overturned the buggy and threw the lady out it is alleged upon the paved street, breaking her nose, cutting her lip and spraining an arm, and causing other internal injury from which she claims in her complaint to be still suffering and which may result in permanent injury.

The city is made a party defendant but in case of judgment the city would not have to pay anything so long as the telephone company was good for the amount.

Attorney Ryan has demurred to the complaint claiming that the city is not liable. The telephone company has not yet answered. The summons was served by Deputy Sheriff Theorin on Saturday last.

Sail for South America

Mr. and Mrs. Arthur Manuel who were recently visiting Mr. and Mrs. H. J. Ernster at Deerwood, passed through Brainerd today on their way to Pine River where Mr. Manuel will visit an old friend of his, Vernon McCombs, who has spent considerable time in South America.

Mr. Manuel will take charge of a Y. M. C. A. branch at Rio de Janeiro, Brazil, S. A., assuming his position as director some time next November. The Y. M. C. A. work in South America is supported by Americans until such time as the work is self sustaining in our sister republics. To further assist him in his work Mr. Manuel will take up the study of the Portuguese language.

Buy Hayes Building

F. J. Lankin has bought the small one story building at 305 South 6th street from J. M. Hayes. This is the place which was recently gutted by a fire.

Mr. Lankin is engaged in putting sills under it and will remove it to 319 South Second street where he will use it as a barn.

THINK CHANCES ARE GOOD

Sentiment of Sixth District People at State Convention Sized up for Walker Candidate

The Walker Pilot, published at the home of P. H. McGarry, candidate for the republican nomination of congressman for the Sixth district against C. A. Lindbergh the sitting member, presents a very bright side to the former's candidacy, and says:

"Iron. P. H. McGarry, candidate for congress, blew into town to get his second wind Tuesday morning after touring a quartet of thickly populated counties in the Sixth district where the enemy was reported as being as thick as fleas on a dog's back. The quantity of opposition votes McGarry found in these places reminded him somewhat of the famous frog story, and he will spend the next few days in Walker wearing the natural smile of contentment, and incidentally prepare a 4th of July oration for the Indian celebration next Monday.

The McGarry candidacy received a great impetus at the state convention last week when men from all over the Sixth pledged their support to the Walker man. One peculiar test of strength was made at the Merchants hotel, St. Paul in one man taking the pains to personally ask one hundred Sixth district voters how they stood on the congressional fight. Seventy-five out of the one hundred stated they were going to vote for McGarry; fifty out of the hundred said they were going to vote for him but didn't think he could win; and twenty-five out of the one hundred were for Mr. Lindbergh. This sentiment unquestionably goes to show that once the feeling of uncertainty is rid of, that the Walker candidate will sweep the district with a large majority. And a personal trip over the district shows that this sentiment rapidly changing."

LEVANT HIGHEST BIDDER

E. Levant Buys up the Wreckage of the Old Burned Electric Light Plant

E. Levant was the successful bidder at the recent sale of the wreckage of the old burned electric light plant.

The material includes a lot of scrap steel and iron, sections of machinery, wheels, pulleys, shafting, copper and brass work and other stuff.

CHILDREN'S HOUR

An Instructive and Entertaining Program Provided Saturday Afternoon at Library

Last Saturday's program of the children's hour at the library proved an instructive and entertaining session.

Miss Ellen Lind played a number called Iris, by Pfefferkorn. The children listen to the music attentively and are certainly indebted to the young ladies who come and play for them so nicely as well as to the Kimball Piano Co.

All were much interested in a chart which had been sent to them by Prof. Wilson portraying some useful birds of Minnesota, and the harmful insects which they destroy. Prof. Wilson has obtained a similar chart for each one of the schools over which he has supervision. A boy who has a chance to learn what the chart tells, will not be likely to ever injure a useful bird.

A bit of the talk on the Fourth of July was to the effect that though we are and always shall be proud of the brave heroes who fought and died for the sake of our country, we are more and more hoping for the time when nations will settle difficulties without war although none the less honorably.

The kindergarten class enjoyed pasting chains very much, and afterwards marched in soldierly fashion waving flags and several wearing soldiers caps which the older boys had made. The program ended by drinking lemonade in honor of the 4th.

All children under 12 are invited to come to the Children's Hour at the library Saturday afternoon at 3:30

NOT ENOUGH WATER TO FLOAT A BOAT

Mississippi Transportation Co. Wants Enough Water Released to Float the "Oriole"

AITKIN-GRAND RAPIDS TRIP

Question of Right of River Navigation Comes up at Grand Rapids Hearing July 20th

The hearing to be held by the government engineer at Grand Rapids on the 20th which was mentioned in the Dispatch a few days ago, is on a complaint filed by the Mississippi Transportation company of Aitkin.

This company is the owner of the steamboat line plying on the river between Aitkin and Grand Rapids. Their new boat, the "Oriole," gets fast on the bottom when the government shuts off the water at the Grand Rapids dam.

The owners claim that the people built these dams for the benefit of navigation on the river and that on the days of their return trip to Grand Rapids they ought to be furnished water by the opening of Pokegama dam.

The Mississippi river is lower than it has been for fourteen years and Leech lake on the contrary is alleged to be higher now than it has been at any time in the same period. The government engineers it is alleged say they cannot let this water out any faster without destroying the settlers hay crop on the meadows of Leech Lake river.

GULL LAKE CONFERENCE

Important Decision Reached by Democratic Leaders Confering at the Lynch Cottage

The St. Paul Daily News has the following announcement regarding the political conference recently held by democratic leaders at the summer residence of Fred B. Lynch at Gull lake near Brainerd:

"John Lind for governor, Winn Powers for lieutenant governor and no county option plank in the platform."

"This is said to be what the Democratic leaders decided upon during their conference at the summer home of Fred B. Lynch near Gull lake."

"The conference is now practically over and the leaders are drifting back to St. Paul. Frank A. Day returned Wednesday night. Fred B. Lynch will probably come home tonight and J. A. Hartigan will be back Monday."

"Sen. S. D. Works will leave for his home at Mankato in a day or two."

"John E. Kling returned today from Omaha and will immediately get in touch with the high officials of the party."

"Mr. Day refused to say anything today as to what was done during the Gull lake meeting. He denies that he suffered from a nervous attack while away."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

J. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c per bottle. "Take Hall's Family Pills for Constipation."

FOLEY'S KIDNEY PILLS

For BACKACHE, KIDNEYS AND BLADDER

GOOD QUALITY OF GRAPHITE

Graphite Find on Cuyuna Range Promises to be Very Valuable

ASSAYED BY T. R. FOLEY, AITKIN

Dr. F. T. Howard, of University of Wisconsin States it Runs 45 to 75 Per Cent

The Duluth Herald has the following to say regarding the assays made of graphite found on the Cuyuna iron range:

Graphite on the Cuyuna range promises to be one of the big features of that ore region. Facts that have developed in the wake of the discovery of the precious black stuff lead to the belief that the Cuyuna deposits will exceed in extent and value any other such find in the country.

The highest assay that has been made of samples from the land owned by T. R. Foley of Aitkin, who has done all the drilling for graphite that has been attempted to date, shows that it runs from 45 to 75 per cent. This assay was made by Dr. F. T. Howard of the University of Wisconsin. What it means will be readily understood when it is said that the average of the known deposits of graphite is about 10 per cent.

Thomas Fieg and A. Hammel are among the Duluth men who own land in the vicinity of the Foley tract. Mr. Hammel has been a student of graphite for some years, and has accumulated quite a library relating to the subject. He is enthusiastic in his conversation concerning the Foley find and what it means to the owners of other lands in that region. He plans to begin drilling operations on his land some time this summer.

ENTRIKEN-NORRIS NUPTIALS

"Livingston Daily Post" Account of the Wedding of Son of Mr. and Mrs. W. E. Entriaken

The "Livingston Daily Post," of Livingston, Mont., of June 22d, has the following account of the wedding of Norbert E. Entriaken, oldest son of Mr. and Mrs. W. E. Entriaken, of this city and Miss Myrtle Morris, a popular young lady of Livingston.

Mr. Entriaken is a machinist who has made his home in Livingston the last four years. The newly wedded couple have been visiting in Brainerd and are at present enjoying an outing at Hubert. They will return to their home in Livingston next Wednesday.

The newspaper account follows: One of the prettiest weddings of June occurred this noon when Miss Myrtle Morris was married to Mr. N. E. Entriaken at the Norris residence on South E street. The bride is one of Livingston's most popular young ladies and the bridegroom is a well known resident of this city.

Only a few friends and relatives witnessed the ceremony, which was performed by Rev. Badson of the Methodist church. The ceremony took place under a bower of smilax and white carnations in the parlor of the Morris home. The residence was very prettily decorated in flowers and ribbons. The color scheme in the parlor was pink and white, ribbon streamers and pink carnations being used. In the dining room, red and white were used in the decorations. Red carnations were used profusely and soft shaded red candles added to the effect.

The bride wore a beautiful white crepe de chene dress, trimmed with white laces. She carried a bridal bouquet of white roses. Miss Orna Tucker, of Helena, the bridesmaid, looked very charming in a pink crepe. Miss Tucker carried an exquisite bouquet of pink roses.

Mr. Claude Morris, a brother of the bride, was best man and the ushers, friends of the bridegroom, were Mr. Taylor and Mr. Roller.

A delicious wedding luncheon was served immediately after the ceremony. Mr. and Mrs. Entriaken received a large number of beautiful presents. The young couple left this afternoon for an extended visit in eastern states.

MUSIC AND DRAMA

At the Grand

One of the best of the vaudeville numbers recently shown at the Grand is the aerial act put on by Richard & Romaine. Their work on the rings and the trapeze is of a high order and ranks with that of any of the high class acts seen in a circus.

Miss Edith Shaw, a German comedienne and yodler, sings several songs. Her song, "It is the Dutch," provokes considerable merriment, as well as the monologue in which she recites her experience in America.

Mrs. Walter F. Kuntz is the new piano player who plays during the absence of Miss Nellie Alderman. The show is good this week and should draw a large attendance.

Must be Above Suspicion

Kidney and bladder ailments are so serious in their consequences, and if unchecked so often fatal that any remedy offered for their cure must be above suspicion. Foley Kidney Pills contain no harmful drugs, and have successfully stood a long thorough test. For sale by all druggists.

HEAVY RAIN LAST NIGHT

Commences to Rain at Eleven and Pours Heavy for One Hour

A heavy rain drenched the city last night at eleven o'clock and continued for one hour. There was a sharp crash of thunder at the beginning of the storm and many supposed some north side residence had been struck. No damage was reported. The sewers appear to have handled successfully the sudden rush of water.

The storm covered a wide area extending from Duluth past Brainerd, as reported by passengers on the mid-night train.

POLITICAL ANNOUNCEMENT

I. W. Bouck, of Royalton, Minnesota, candidate for Representative, makes the following announcement:

I was born in Iowa, February 22nd 1855.

Was educated in a log school house and later worked my way through a four year course at the Iowa State Agriculture College.

Worked on a farm, taught school winters, came to Minnesota in 1880, settled at Royalton, and have sold sugar and calico all this time.

If I am nominated and elected for representative from the Morrison and Crow Wing District, I shall do my utmost to carry out the wishes of my district and shall vote and work for the following principles:

First, I shall vote for Moses E. Clapp for United States senator.

Second, I am in favor of a One Mill Tax for the building of roads and bridges. I believe nothing can help the development, and settlement of our county more than good roads.

Third, I am in favor of reapportionment. I believe it is an issue that every fair minded voter should favor. I served on the reapportionment committee in the sessions of 1907 and I believe my experience on that committee will be a benefit to my district.

Fourth, I believe in the rights of labor and just labor legislation.

Fifth, I believe that the primary election law should be changed in some way to allow a poor man to file for an office. The expense is so great, at a primary election that it is almost impossible for a poor man to be nominated.

Sixth, I shall work for agricultural education in our common schools and for the advancement of all educational institutions in our state.

In coming before the voters for the nomination at the primary election, September 20th, I wish to say that I have had several positions of trust. I have also served in the legislature in 1903, 1905 and 1908 sessions and my record is an open book for your inspection. In the session of 1907 I served in the following committees: Commerce and Retail Trade, Education, General Legislation, Immigration, Labor and Labor Legislation, Public Buildings (chairman), Reapportionment, Towns and Counties, Mileage and Per Diem, Special Committee to Investigate Receivers and Shippers Associations.

I had ten committees, more I believe than any other member. I was classed as a working and not a talking member. If you favor me with a nomination and election, I shall endeavor to represent the District faithfully and wisely to the best of my ability, and when I cannot, I will resign my position and give back the trust to the people who gave it to me.

Geographically this part of the district is entitled to a member. By common consent, Crow Wing county takes the senator, Morrison county the two members. At the present time Little Falls, with a population of about 6000 has the following offices:

- 1 member of Board of Control.
- 1 Regent of State University.
- 1 Congressman.
- 2 Members to State Legislature.
- 1 Member of State Board and Game and Fish Commission.
- 1 Deputy United States Marshal.
- 1 Census Official.
- 1 Deputy State Treasurer Office.

This part of the county, with a population of almost 10,000 has nothing, and certainly all fair minded people will give us something this fall.

I have lived in Royalton for 30 years, I have tried to do my part towards building up the village and the surrounding county. During all this time I have conducted a general store and elevator.

I ask every voter to look up my record as a citizen, a business man and a legislator, and if you find my deportment good I hope you can vote for me at the primary election September 20th, the 30th anniversary of my starting business in Royalton.

It will be impossible for me to get around to see you all this fall, but I leave my case in your hands. If I am elected, I shall go to St. Paul this winter to work honest and faithfully for my district. If I am not, I shall continue to live in Royalton, sell groceries, hoe the potatoes, and milk cows for the next 30 years, as I have in the past. I am,

Yours very truly,

I. W. BOUCK.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicines can do more. For sale by all druggists.

Did you ever stop to realize that more city property has been sold in the last year than for the last ten years in Brainerd.

You may know what that means if you are a renter. You know too that if you buy a "home" reasonable that you have that satisfaction of not having to "move out" on thirty days notice as "house sold." And then again, one can make improvements from time to time and not notice the expense—only when you find a buyer—getting more than your rent free too.

Let me speak a word to the man that has a home and a little money that we have received our share of sales in city property and have no client that could not make money by selling now—we have the facts.

A home for some one situated on North side, an eight room house, bath, city water, cement basement, in fact everything to make it an ideal home. Barn. Right on the best street—Price \$2500.

Small house on south Sixth street, two lots, has been newly painted and papered throughout. Almost new condition.—Price \$650.

One of the finest little six room cottages on North-side is placed in our hands for short time. Modern except heat, and in good location with East frontage.—Price \$2500.

A very neat six room house on south Sixth street, two lots with trees, nice lawn, etc., and in very fine condition throughout.—Price Cash \$700.

A corner of two lots and about a seven room house, barn, east frontage, good condition.—Price \$1100.

Small house in good condition on south Fifth street, offered for short time only.—Price \$550.

A nice little place on south Fifth street with plenty of room too. A bargain at \$650.

Here is a genuine "Bargain," an eight room house Northside, one and one half lots and in good condition inside; is worth \$1500, but owner living in California says sell, and am offering it for only about half what it is worth—Price \$800.

I have a nice little place on East Norwood street and in good condition at only \$650.

Brick-veneer house of about six rooms and good lots, well worth three hundred mc. We can offer this for a short time at only \$600.

It will pay you to look this up.

Two small cottages in Northeast Brainerd, is now renting for \$14.00 per month. Why not buy and rent one and have the use of the other for nothing. Come up and let me show you these and at the price is "cheap" Price \$1000.

We still have the eight room house on North-side, "close-in" three lots, east frontage, trees, etc. An ideal home for someone. Price \$3000.

Come up and let me show you this as these kind are scarce

A very neat little cottage on north Fifth street, in good location and at only—Price \$1000.

House in good condition on south Sixth street, with east frontage, at only—Price \$1000.

House, barn, sheds, in good location in Northeast Brainerd, on corner with two lots, well worth looking up at the price.—Price \$1000.

Small house on Pine street South-east at only \$550.

If you have a house you wished sold or land either farm or mineral, come up and let us talk it over.
